

# Children's Space

***A service to support children whose parents are separating or who have already separated:***

- We offer a quiet, private space for a child/young person (up to 18 years)
- This provides the chance to play, think and talk to help them understand events and deal with their thoughts and feelings
- Sessions are 50 minutes and we generally offer up to 6 meetings
- Our therapists have extensive experience of working with children in a variety of settings
- See our website for more information about our therapists:
