Our Programme

Our 10-day programme was held at Wykham Park Academy, accommodating Years 6, 7 and 8 students. Students worked together in clans (teams): Evans, Turing and Mackintosh. A support team of 7 staff, including a coach from *On Side Coaching* (external provider), planned and facilitated the daily activities, which included sourcing ingredients and preparing lunches each day.

Feedback

"I just wanted to send a big thank you to all of the staff who are making the Summer School possible. My daughter is having a great time and has said that the staff are really nice and friendly and that she had made some new friends and not just some that will be in Year 7, some in Year 8 too. Given the past 18 months, teachers more than most need a break so I am even more in awe of those giving up their time for the students. Thank you again for arranging this all, it will definitely make starting year 7 so much easier for those attending". (Year 6 parent)

"We just wanted to thank you for the summer school that you ran for the 2-week period during the summer holidays. We were so impressed at the range of activities that the children took part in. This is an excellent programme for children who are struggling with their self-confidence and to familiarise themselves and feel more settled at school again, so that the September start doesn't feel like such a big anxious leap! To have 2 weeks of extra help, completely funded and with lunch included is amazing. We are very grateful for the extra support that has been provided and thought it important that we share this with you". (Year 8 parent)
