13 September 2022

Dear Parents/Guardians,

We are very excited to let you know that we have reviewed our Aspirations week model and have designed a brand new programme for our students. This has been based on the feedback we received from our students and staff alike at the end of our summer term 2022.

We believe passionately that intense shared experiences in school and outside of school are an essential part of young people's learning experience not only for the strictly academic benefits of first-hand learning but also for the cultural enrichment and the many other advantages they offer to the student's personal development as well as the great memories, of course!

This academic year, all students will be invited to participate in three Aspirations Days, one in each big term, planned around Culture, Environment and Entertainment. These days will be planned in advance to allow families to spread the cost over the coming months. Please see below, the estimated cost per year group.

Year 7: £45

Year 8: £50

Year 9: £45

Year 10: £50

Year 11: £40

The repayment can be spread over the next 3 months to allow minimal impact on household finances and ensure that ALL students are able to participate in this wonderful opportunity. Please let us know if you need any support.

You can start making payment using the School Gateway if you have any questions please do not hesitate to contact me.

Kind regards

Carine Foster
