

Dear Parent/Guardians

BTEC Tech Award Level 2 in Digital Information Technology

Students are due to sit their Component 3 exam: Effective Digital Working Practice on 1st February 2023. The exam lasts for 90 minutes and is worth 40% of their final marks. In order to support students in the exam there have been a number of revision resources provided on the Google Classroom. These include knowledge organisers and past exam questions. We are encouraging students to make full use of these resources to embed their knowledge

On returning to school in January students will be supported in preparing for the exam through additional revision sessions, which will focus on developing answer technique.

Google Classroom codes:

11C: iog7jgr

11B: 6cr7zd6
